For 30 years, Point has manufactured heliport and marine helideck aviation lighting systems. Point has made a natural entry into vertiport lighting systems in cooperation with several entrants to the developing eVTOL aircraft market. We offer those aircraft manufacturers our expertise in the design of visual landing systems as well many years of knowledge of recommended practices and operational considerations.

POINT LIGHTING CORPORATION IS AN INTERTEK ETL CERTIFIED BUILDER OF INDUSTRIAL CONTROL PANELS UNDER UL 508A 2ND AND CSA C22.2 No. 286. PHC PANELS ARE LABELED WITH THE ETL LISTED MARK.
